3

Share your ideas & **join the debate**

4

Network with professionals, policymakers, institutions & academics

5

Open **new business opportunities, discover the new European Business Transfer Marketplace powered by Transeo** & connect with the Transeo team and Transeo Members

ABOUT TRANSEO, THE EUROPEAN ASSOCIATION FOR SME TRANSFER

Transeo is an international non-profit association (aisbl), set up in December 2010. Transeo gathers experts (private, institutional and academic) active on transfer (sale/acquisition) of businesses (SMEs).

Our association stimulates the exchange of good practices between its Members and the identification of solutions to business transfer problems. Transeo also facilitates cross-border transfers of SMEs. Besides, Transeo works with the European institutions, in particular the EU Commission and is in line with the policy statements of the EU Commission relating to business transfer.

Interested to become a Member? Attending the 2018 Transeo Summit is a good opportunity to learn more about our work, to meet the Transeo team, Board Members and network with Transeo Members! If you wish to receive more information on Transeo membership before the Summit, please contact Marie.
